Specifications

Hand pallet truck

2.5 tonnes

Hand pallet truck

The hand pallet truck is without any doubt the most basic, yet essential, tool in materials handling. For decades, it has served as the “first assistant” for truck operators loading and unloading pallets on location.

In warehouses, shops and industry, hand pallet trucks are used in all kinds of applications and are particularly suited to short distance and occasional horizontal pallet handling.

Cat hand pallet trucks are durable, maneuverable, ergonomic and easy to maintain over a long service life, taking care of your business and your people.

Find out how our range of hand pallet trucks could work for you

Your Cat Lift Trucks dealer can give you more specific information about the hand pallet truck and also our full range of warehouse equipment and lift trucks, with capacities up to 16 tonnes. They'll advise you on the right equipment for your needs and how to maximize your return on investment.

CBF hand pallet truck

Hand pallet truck

Lower Cost of Ownership

- Competitive pricing
- 12 greasing nipples on all moving parts resulting in less wear
- Bypass valve preventing over load
- Bullet connection between steering shaft and pump piston
- Convenient to replace the steering wheel

Unmatched Productivity

- Easy to maneuver with 210° steering angle
- Special lowering valve to control the rate of descent
- Rollers mounted on fork tips for effortless entry/exit to/from pallet

Safety and Ergonomics

- Large rubber handle with 3 positions for control lever

Options

- Nylon- or rubber steering wheel
- Tandem load wheels

Cat® Lift Trucks.

Your partner in materials handling.

For over 80 years Caterpillar has built some of the world's best construction and mining equipment, designed to perform in the toughest environments.

This same philosophy and heritage is evident in our materials handling equipment, which includes a complete range of electric, diesel and LPG powered lift trucks and warehouse equipment.

Every day our dealer network delivers tailored materials handling solutions in more than 70 Countries across Europe, Africa and the Middle East.

We continually invest in the selection, development and support of our dealer network to provide you with the right equipment, service and advice. For instance, we offer the highest parts availability in the industry of over 97%, measured full line first pick, with next day delivery in most Countries.

Come and talk to us about your materials handling requirements.
